Ms. Kelli McCarthy  
Federal Election Commission  
Washington, D. C. 20463

Dear Kelli:

RE: C00223230, 30 Day Post-General Report

In response to your notice dated February 2, 1999, we offer the following information.

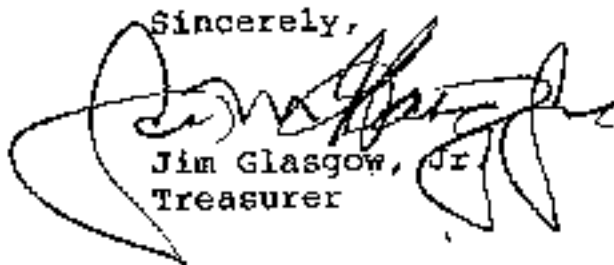

Our committee did make contributions totalling \$13,100 to the Tennessee Democratic Party from 7/21/98 to 11/10/98 as referred to in your notice. The Tennessee Democratic Party initially deposited the total into their federal account, but transferred \$8,000 to their nonfederal account upon their discovery of the excess contribution. (The \$100 contribution was deposited correctly into the non-federal account upon receipt). A copy of pertinent pages of the Tennessee Democratic Party's FEC report for that period is enclosed.

Our report should have reflected a \$5,000 contribution to the Tennessee Democratic Party federal account and contributions of \$8,000 and \$100 to the Tennessee Democratic Party Non-Federal Account. I have enclosed amended pages reflecting the correct recipient of the contributions.

Under Tennessee state law, a committee can make unlimited contributions to a State Political Party's nonfederal account. Therefore, our committee's \$8,100 contributions to the Tennessee Democratic Party's nonfederal account is allowed.

Please let us know if you need additional information.

Sincerely,

Jim Glasgow, Jr.  
Treasurer
